

Within the working of God, there are lives that God develops to entrust revelation that is so powerful that it can literally change the course, not just of an individual, but of a people, and set in motion a movement based upon a transformed understanding God has developed such a individual in the person of Alicia Chole.

**Bishop Claude R. Alexander Jr., Lead Pastor,
The Park, Charlotte, NC**

Alicia is one of those rare communicators who captures the hearts and challenges the minds of a generation. Her book, *Anonymous*, sits on my shelf next to C.S. Lewis, and I am convinced that someday she will rise to similar prominence if given the platform and freedom to express her full God-given potential.

Dr. ABC is often described as a velvet-wrapped sword. In a day distracted by all things new and shiny, Dr. ABC brings ancient truth to life.

In person or in print, Dr. Alicia Britt Chole's voice cuts through fluff and summons souls to walk with God anew.

As a speaker, leadership mentor, and award-winning writer, Alicia places words like an artist applying paint to a canvas. Nothing is wasted. Every word matters. Heads and hearts are equally engaged.

A former atheist, Alicia's worldview was interrupted by Jesus as she began her university studies. Of that experience Alicia states, "I would have had to commit emotional and intellectual suicide to deny God's reality." Today, her raw faith and love for God's Word hold the attention of saints and skeptics alike.

Alicia focuses on less than trendy topics like spiritual pain, the leader's soul, the potential of anonymous years, decrease as a discipline, and the abuse of authority. Business leaders, pastors, college students, and churches agree: Alicia is an unusually disarming combination of realism and hope, intellect and grace, humor and art.

Alicia and Barry have been married for 30 years. Along with their three amazing children (all Choles through the miracle of adoption), they live in the country off of a dirt road in the Ozarks.

Alicia holds a doctorate in leadership and spiritual formation from George Fox Evangelical Seminary and is the founding director and lead mentor of Leadership Investment Intensives, Inc, a non-profit devoted to providing confidential and customized soul-care to leaders in the marketplace and church.

Her favorite things include thunderstorms, honest questions, #LOTR, and anything with jalapeños. In a culture obsessed with things new and countable, Alicia brings ancient truth to life.

Alicia comes to us as someone who has done her work: academic work, of course, but also the soul work of the desert.
